Entrepreneurship

Tailoring

1. **Soap making:** making practical soap for washing hands, 13 students learned to make soap in practice, 10 students have understood well how to make soap, three students still don't know it well. mahiji 20 liters, sless, sulphonic acid, sless needle, guideline, paint, CDE, CMC, perfume and salt.
2. **Soap Making Class:** The students learned to make soaps from seedlings and cut them, we managed to make 62 soaps, the manufacturing exercise is sustainable, in the production of soaps from seedlings 13 students practiced making soap while asking various questions and I asked them to make sure if they understood, the exercise that is completed as it should be. The raw materials used to make sapling soap are such as; mise oil, caustic solution, griceline, CDE, sless needle, paint, perfume, sodium silicate.

Girls in practical training of making soap

3. **Making bags and laptop bags.** During this month, the girls made 64 hand bags and 80 laptop bags that were orders made by different people and after finishing, the hand bags and lap top bags were sent to them.

During the soap-making training practical session

4. **Cutting and sewing of different types of clothes.** The vocational girls were taught how to make different types of clothes to be worn on Christmas day like dresses, skirts and trousers.

Farming

5. **Watering the garden:** During this month, we manage to collaborate with the other staff and continue watering green vegetables. The person who is responsible for the green vegetable garden is responsible for making sure that he teaches all the girls in the center to understand the tasks of the garden. Also, they are responsible for guiding the girls to watering the vegetables in the garden.

6. **Doing weeding the garden:** During this month, we have been continuing to weed the green vegetables in the gardens. Also, the girls participate in weeding in the garden to understand the importance of taking care of the garden when there are vegetables, they should not have other leaves that are not vegetables.
7. **Agriculture and Gardening:** During this month, we manage to teach the girls to know on how to cultivate and plant different types of vegetables by using organic (without using chemicals) while at the safe house so that when they return home, they will be having the know-how to plant a small number of vegetables for consumption or sale by using natural thing (organic thing)
- planting fresh vegetables in the home garden.
 - Also, through our garden from the safe house of Mugumu, we have been able to feed the children daily in this month of December vegetables like Collard Greens and Carrot

Our girls Vegetables from Mugumu safe house

8. **Planting new vegetables:** During this month, the girls and responsible person for the vegetable garden they manage to improve the garden by making improvements to increase the number of terraces with seedlings of ***spinach, Mchicha, carrots and onions*** to be able to increase nutrition for the girls at the center. this activity was also

part of a special training for girls to know and have an understanding of how to plant green vegetables, onions and carrots. We manage to plant the following,

- 15 Spinach and Col.
- 7 Carrots terraces.
- 29 Collard Greens

9. **Visiting the farmers. We collaborated with** the extension agricultural officer to visit the farmers community leaders at Kinyariri and Kukirango. During the visit the extension officer they manage to provide technical backstopping by training the famers on how to join the group in their mobile phones. The extension Officer reminded the farmers on how to use PlantNuru app. Also, during the visit he had the opportunity to learn how to connect new members to the PlantNuru app and to detect diseases and pests on the crops when they are in the field.
10. **Bad usage of phones: During the visit** the extension officer received a complaint of misuse of mobile phone that there are some community mobilizers who have misused the mobile phones allocated to them for the use of project activities. In collaboration with HGWT, we managed to conduct the investigation and found out about one of the community mobilizers who has been getting drunk and having irregular use of the mobile phone. When he is drunk, he leaves the call to the attendant and he continues to drink alcohol and get drunk. After identifying the challenge, we took the phone so that it could not continue to be misused

Summary – Community Activities

Planned Activities	Status	Description
Community Mobilization Officer		
Activity 1: Preparation of LUNCHING 16 days of activist. B: Community Activities – Narrative

- I. **Preparation of launch of 16 of activism:** During this month, HGWT team, we managed they managed to prepare and host the launching of the 16 days of activism events at Serengeti DC. During the 16 days of activism HGWT, we participated to the events by participating in the exhibition organized for 16 days of activism by involving other stakeholders who is working in the Serengeti District Council. HGWT, we displayed in our booth the various activities carried out by HGWT. Also, in our display

booth we collaborated with Police to provide GBV education to the for participants who arrived at our display booth during the exhibition. During the exhibition we managed to conduct GBV education session to the students and share their views about the position of Girls based on the topic with a them that says ***“every life matter, end femicide and violence against women and children”*** toward on the Girl child day which was heard at Mapinduzi Secondary school. during the 16 days of activism, we were able to successfully provide education to 350 students who came to the exhibition and were given education against acts of violence, sexual violence, psychological violence and other violence that are harmful to girls. Also, we provide support to the 100 girls who were given sanitary pads to help them protect themselves during the challenges of the menstruation period. which will save them and continue their studies without encountering any challenges while they are in the menstruation period without losing study periods.

Girls and Police gender Desk taking a picture during distributing pads for girls

16 days of activism at Serengeti DC

- 2. Debate towards the International Day of the Girl Child:** In collaboration with the VSO Organization and Leaders of the village of Singu we were able to provide education on sexual violence including female genital mutilation through drama. Through The igumba dance group gave a play about a daughter being cut, a play that touched them community members. After the play, we started a discussion, the community said, stop doing FGM you are continuing that the society type is not enough educated, Anna Mwita said poverty You also contribute to a large percentage of outdated traditions and customs we ask the organizations to make strategic plans to create women's groups they should be given education about the effects of violence as well as friendly loans so that they can get rid of themselves economic and get rid of the cruelty beyond them. Also, the awareness officer from (HGWT) gave education on sexual violence and I appeal to you of female genital mutilation that this is the year of female genital mutilation so we should cooperate with together to save the girl child from female genital mutilation because there are many harms to the girl When he is cut, the community and leaders should stand together to condemn the cruelty against a female child because she has the same rights as males. We also managed to reach the community and to find about 1800

people (ke) 900 and (me) 900 who arrived and got higher education on the effects of gender-based violence that plague the community of the Mara region.

3. **Participating in Sport and Game.** During this period, HGWT, we managed to conduct football match which organized by staffs of Mugumu and Butiama. The specific goal of the football match between Mugumu safe house and Butiama Safe house was to build unity between these 2 safe houses and have fun enjoying the football match and games between us.
4. and sponsored by Maren and Jesseca friend match was involve Butiama football club and Mugumu Football club where by the aim of this Match is to unity the two safe house and have fun together as one. Butiama safe house team they were win the game against Mugumu safe house by beating them with 3 goals -0

Hope Mugumu safehouse team with confidence and leady for the match They were beaten 3-0 by Butiama safe house team

5. **Roadshow:** During this period, HGWT in collaboration with Butiama District Social Welfare and Police Gender, we managed to conduct road show awareness campaign in collaboration with VSO at Kiabakari. During the Road show campaign, we collaborated

with VSO by providing the education on GBV through drama in collaboration with the Igumba cultural group by singing a song with the content of educating the effects of female genital mutilation. Also, we managed to conduct a community dialogue by involving students and community members who came to the campaign to discuss why FGM is still practiced in the community. During those campaigns 1800 (900F and 900 M) participants participated in the community dialogue organized by HGWT and VSO
